Greene County Sheriffs Office to continue late hours for Gun Permits

An expressed concern from the public is that it is difficult for those who work during the day and are interested in applying for a gun permit to make it to the court house during our normal business hours. The Greene County Sheriff's Office, in an effort to make the permit process more accessible, decided in 2016 to remain open 1 evening per month with later hours for those county residents who wished to exercise the right to obtain a concealed weapon permit, but who could not make it during regular office hours. The third Thursday of every month the Greene County Sheriff's Office extended our gun permit hours. "This newly offered program went well in 2016 so we will continue offering the later hours in 2017 as well." Sheriff Brian Tennant said. Tennant went on to say "I understand why it's difficult for some to make it to the courthouse during the day and I want to do all that I can to make the application process as accessible as I can for those people who wish to exercise this right. Additionally, we have also made the application available on our website so it can be printed and completed in advance. You will no longer have to pick up the application at the Sheriff's office, though applications are available in the office if needed. These are a few more steps we have taken to streamline this process for the public." Please be aware that due to courthouse security measures, all applicants coming late for a concealed weapons permit will be asked to use the Church Street entrance to the courthouse. This program is again being held the 3rd Thursday of every month until 6:00pm beginning on January 19, 2017.
