

Carmichaels Covered Bridge

Bridge Number: 30 7401 9015 2011

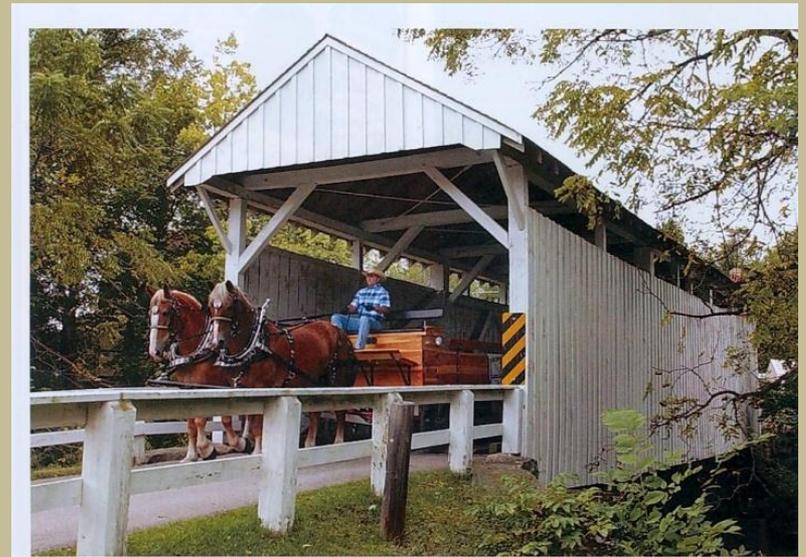

The Carmichaels is one of the seven covered bridges that remains standing within the boundaries of Greene County, Pennsylvania

One of the abutments has been reinforced with concrete. The queen-post truss is reinforced with additional diagonal timbers, but there is no evidence of additional steel reinforcement. The Carmichaels Bridge is still open to traffic and is part of the annual Covered Bridge Festival.
